# DESIGNING YOUR BATHROOM

## 1

### DETERMINE THE SHAPE AND SIZE OF THE SPACE YOU WILL BE WORKING WITH:

How big is it?  
Is it an unobstructed square or rectangular room?  
Does it have an alcove space?  
Is there a wall that doesn't follow a straight line?

This will start to determine the style of shower you will choose.

*All Metro custom showers are made to suit your space. Be it fitting into your existing shower space, remodeled bathroom or a new build. Being custom made it will fit neatly into almost any space, out-of-square walls included.*

## 2

### WHAT STYLE OF SHOWER SPACE DO YOU WANT TO CREATE:

Should it be fully enclosed?  
Do you want an open, minimalist WalkIn look?  
Should it be full floor to ceiling?  
Does the space allow for a hinged shower door that swings in or out, or is a sliding door more practical?

This will start to determine what type of glass, and glass configuration you will need:

Whether you are looking to entirely overhaul your bathroom or merely freshen up an existing bathroom space, there are a couple of things you need to consider in order to achieve the perfect result.

#### INLINE LAYOUT & ALCOVES

#### TWO SIDED LAYOUT

#### THREE SIDED LAYOUT

##### WALKIN

Walkin showers are convenient and easy to access particularly in small bathrooms.

##### HINGED DOOR

Enclosed showers separate the shower water from the rest of the room. There is also the ability to have coloured hinges and handles.

##### SLIDING DOOR

Enclosed showers with a sliding door combine the benefits of a small footprint like a Walkin shower while also closing the wet area off from the rest of the bathroom.

# 3

## CONSIDER WHAT TYPE OF GLASS YOU WANT IN YOUR NEW BATHROOM.

Shower glass comes in many forms, with differing performance benefits, and can be the single most striking and important decision you make.

Are you happy with standard toughened glass?

Do you want ultra clear toughened glass to keep those white tiles looking white?

*Please refer to pictures A & B for an example.*

Do you want to create a statement with a digital print screen or lining?

Do you want a pre-treated low maintenance, easy to clean glass option?  
Ask for Metro EzyClean Technology

# 4

## COMPLIMENT THE GLASS YOU HAVE SELECTED WITH A RANGE OF HARDWARE OPTIONS.

Choose from a range of handles, hinges and slide options to match your shower head and taps.

In a range of colours from powder coated black through to high polished chrome.

At Metro Performance Glass we have a comprehensive selection available to ensure you can make your bathroom vision a reality.

- A** Ultra Clear toughened glass
- B** Standard toughened glass
